CONTENTS—JANUARY–MARCH 1991

AAAP Tribute to Malcolm Reid 1

Isolation of infectious bursal disease virus from turkeys with arthritic and respiratory symptoms in commercial farms in Quebec
S. K. Reddy and A. Silim 3

The preparation and efficacy of manually emulsified Newcastle disease oil-emulsion vaccines ..... Henry D. Stone 8

A vaccine against avian colibacillosis based on ultrasonic inactivation of Escherichia coli
Doron Melamed, Gabriel Leitner, and E. Dan Heller 17

Scoliosis and tibiotarsal deformities in broiler chickens
R. Droual, A. A. Bickford, and T. B. Farver 23

Amantadine resistance among hemagglutinin subtype 5 strains of avian influenza virus
Patricia O. Wainright, Michael L. Perdue, Max Brugh, and Charles W. Beard 31

Effect of immunosuppression with cyclophosphamide, cyclosporin, or dexamethasone on salmonella colonization of broiler chicks
Donald E. Corrier, Marcel H. Elissalde, Richard L. Ziprin, and John R. DeLoach 40

Congo red binding of Escherichia coli isolated from the cloacae of psittacine birds ..... Darrel K. Styles and Keven Flammer 46

Pathogenicity and antigenicity of avian nephritis isolates
J. Shirai, K. Nakamura, K. Shinohara, and H. Kawamura 49

Pathologic changes in pigeons infected with a virulent Trichomonas gallinae strain (Eiberg) .... E. M. Narcisi, M. Sevoian, and B. M. Honigberg 55

Polymerase chain reaction for detection of Mycoplasma gallisepticum
Elmiro R. Nascimento, Richard Yamamoto, Kevin R. Herrick, and Robert C. Tait 62

Inhibition of Marek's disease virus DNA transfection by a sequence containing an alphaherpesvirus origin of replication and flanking transcriptional regulatory elements
Robin W. Morgan, John L. Cantello, Johnny A. J. Claessens, and Paul Sondermeyer 70

Variant serotypes of infectious bronchitis virus isolated from commercial layer and broiler chickens
J. Gelb, Jr., J. B. Wolff, and C. A. Moran 82

Use of delayed secondary enrichment for the isolation of salmonella in poultry and poultry environments
W. Douglas Waltman, Alice M. Horne, Christine Pirkle, and Thomas G. Dickson 88

Polymerase chain reaction for detection of Mycoplasma gallisepticum
Elmiro R. Nascimento, Richard Yamamoto, Kevin R. Herrick, and Robert C. Tait 62

Inhibition of Marek's disease virus DNA transfection by a sequence containing an alphaherpesvirus origin of replication and flanking transcriptional regulatory elements
Robin W. Morgan, John L. Cantello, Johnny A. J. Claessens, and Paul Sondermeyer 70

Variant serotypes of infectious bronchitis virus isolated from commercial layer and broiler chickens
J. Gelb, Jr., J. B. Wolff, and C. A. Moran 82

Use of delayed secondary enrichment for the isolation of salmonella in poultry and poultry environments
W. Douglas Waltman, Alice M. Horne, Christine Pirkle, and Thomas G. Dickson 88

Effects of adjuvant-augmented germling vaccines in turkey poults challenged with Aspergillus fumigatus
J. L. Richard, W. M. Peden, and J. M. Sacks 93

Particle uptake by conjunctiva-associated lymphoid tissue (CALT) in turkeys
Andrew S. Fix and Lawrence H. Arp 100

Ultrastructural alterations in furazolidone-induced cystic testicular degeneration in ducklings ..... Dale M. Webb and John F. Van Vleet 107

Experimental transmission of turkey viral hepatitis to day-old poults and identification of associated viral particles resembling picornaviruses
P. N. Klein, A. E. Castro, C. U. Meteyer, B. Reynolds, J. A. Swartzman-Andert, G. Cooper, R. P. Chin, and H. L. Shivaprasad 115

Vaccination of turkeys with cell-free culture filtrate of Pasteurella multocida
M. D. Ficken, H. J. Barnes, and M. A. Qureshi 126

Immunoglobin G Fc receptors of Mycoplasma synoviae
L. H. Lauerman and R. A. Reynolds-Vaughn 135

Relationship of osteomyelitis and associated soft-tissue lesions with green liver discoloration in tom turkeys
S. R. Clark, H. John Barnes, A. A. Bickford, R. P. Chin, and R. Droual 139

Effect of infectious bursal disease virus vaccines on persistence and pathogenicity of modified live reovirus vaccines in chickens
Roy D. Montgomery and William R. Maslin 147

Skeletal lesions associated with a naturally occurring poult enteritis
R. W. Perry, G. N. Rowland, J. R. Glisson, W. L. Steffens and J. A. Quinn 158

Type A influenza viruses in waterfowl in Ohio and implications for domestic turkeys
R. D. Slemons, M. C. Shieldcastle, L. D. Heyman, K. E. Bednarik, and D. A. Senne 165

Quantification of particle uptake by conjunctiva-associated lymphoid tissue (CALT) in chickens ..... Andrew S. Fix and Lawrence H. Arp 174

Direct binding of Protein A, Protein G, and anti-IgG conjugates to chicken infectious anemia virus
Benjamin Lucio, Karel A. Schat, and Scott Taylor 180

Expression of avian influenza virus hemagglutinin by recombinant fowlpox virus ..... Deoki N. Tripathy and William M. Schnitzlein 186

Characteristics of Actinomyces pyogenes involved in lameness of male turkeys in North-Central United States
ELIE K. BARBOUR, M. KIM BRINTON, ANTHONY CAPUTA, JAMES B. JOHNSON, AND PETER E. POSS 192

Partial characterization of a turkey enterovirus-like virus
JAMES S. GUY AND H. JOHN BARNES 197

Efficacy of coarse-spray administration of a reovirus vaccine in young chickens ..... J. J. GIAMBRONE AND T. L. HATHCOCK 204

Assessing pathogenicity potential of waterfowl-origin type A influenza viruses in chickens ..... R. D. SLEMONS, P. K. CONDOBERY, AND D. E. SWAYNE 210

Polymerase chain reaction amplification of the genome of infectious bronchitis virus
JAMES R. ANDREASEN, JR., MARK W. JACKWOOD, AND DEBORAH A. HILT 216

Research Notes—
An improved method for the purification of blood cells of turkeys
J. G. STRAIN AND M. MATSUMOTO 221

Influence of bacteria on Clostridium perfringens infections in young chickens ..... T. FUKATA, Y. HADATE, E. BABA, AND A. ARAKAWA 224

The use of the drag-swab technique and improved selective plating media in the recovery of Salmonella arizona (7 : 1,7,8) from turkey breeder hens
KENNETH N. OPENGART, C. R. TATE, R. G. MILLER, AND E. T. MALLINSON 228

Effects of poult source on turkey production parameters
DONNA K. CARVER, DENNIS P. WAGES, AND PETER COWEN 231

Case Reports—
A highly fatal vascular disease of broiler breeder chickens
DANIEL P. SHAW, DAVID A. HALVORSON, MARTIN E. BERGELAND, AND LINNEA J. NEWMAN 235

Ulcerative cholecystitis produced by 3-nitro-4-hydroxy-phenylarsonic acid toxicosis in turkey poults
TOM P. BROWN, C. T. LARSEN, D. L. BOYD, AND B. M. ALLEN 241

Isolation of poxvirus from debilitating cutaneous lesions on four immature grackles (Quiscalus sp.)
DOUGLAS E. DOCHERTY, RENEE I. R. LONG, EDWARD L. FLICKINGER, AND LOUIS N. LOCKE 244

Guidelines for authors 248

CONTENTS—APRIL–JUNE 1991

Comparison of live avirulent M-9, Minnesota, and CU fowl cholera vaccines
RONALD C. FRIEDLANDER, LEROY D. OLSON, AND EMMETT L. MCCUNE 251

Detection of infectious laryngotracheitis virus in chickens using a non-radioactive DNA probe
LISA KEAM, JENNIFER J. YORK, M. SHEPPARD, AND K. J. FAHEY 257

Economic effects of subclinical chicken anemia agent infection in broiler chickens
M. S. MCNULTY, S. G. MCILROY, D. W. BRUCE, AND D. TODD 263

Differences in the induction of urate deposition of specific-pathogen-free chicks inoculated with avian nephritis virus passaged by five different methods
J. SHIRAI, K. NAKAMURA, H. NOZAKI, AND H. KAWAMURA 269

Variability in a commercially available enzyme-linked immunosorbent assay system. I. Assay variability
D. L. KREIDER, J. K. SKEELES, M. PARSLEY, L. A. NEWBERRY, AND J. D. STORY 276

Variability in a commercially available enzyme-linked immunosorbent assay system. II. Laboratory variability
D. L. KREIDER, J. K. SKEELES, M. PARSLEY, L. A. NEWBERRY, AND J. D. STORY 288

Increase of intestinal intraepithelial lymphocytes expressing CD8 antigen following challenge infection with Eimeria acervulina
H. S. LILLEHOJ AND L. D. BACON 294

Effects of an Arkansas strain of infectious bronchitis vaccine on the head-associated lymphoid tissue (HALT)
ROY D. MONTGOMERY, WILLIAM R. MASLIN, CAROLYN R. BOYLE, TOBI PLEDGER, AND CHING-CHING WU 302

An enzyme-linked immunosorbent assay for detection of Bordetella avium infection in turkey flocks: sensitivity, specificity, and reproducibility
ELIE K. BARBOUR, M. KIM BRINTON, SUSAN D. TORKELSON, JAMES B. JOHNSON, AND PETER E. POSS 308

Use of an enzyme-linked immunosorbent assay to measure antibody levels in turkey breeder hens, eggs, and progeny following natural infection or immunization with a commercial Bordetella avium bacterin
NOEL K. NEIGHBOR, JOHN K. SKEELES, JOE N. BEASLEY, AND DAVID L. KREIDER 315

Spontaneous regression of "dermal squamous cell carcinoma" in young chickens
S. HAFNER, B. G. HARMON, G. N. ROWLAND, R. G. STEWART, AND J. R. GLISSON 321

Effect of feeding selected carbohydrates on the in vivo attachment of Salmonella typhimurium in chick ceca
FRANK MCHAN, EMMETT B. SHOTTS, AND JOHN BROWN 328

Immunobinding assay for the speciation of avian mycoplasmas adapted for use with a 96-well filtration manifold
P. SHARP, P. VAN ESS, B. JI, AND C. B. THOMAS 332

Effect of anaerobic cecal microflora and dietary lactose on colonization resistance of layer chicks to invasive Salmonella enteritidis
DONALD E. CORRIER, BILLY HARGIS, ARTHUR HINTON, JR., DANIEL LINDSEY, DAVID CALDWELL, JOHN MANNING, AND JOHN DELOACH 337

Effect of fasting on plasma thyroid and adrenal hormone levels in turkey poults infected with Bordetella avium
F. W. EDENS, J. D. MAY, A. G. YERSIN, AND H. M. BROWN-BORG 344

Increased virulence of modified-live infectious laryngotracheitis vaccine virus following bird-to-bird passage
JAMES S. GUY, H. JOHN BARNES, AND LYNDA SMITH 348

Protection of chickens against highly pathogenic avian influenza virus (H5N2) by recombinant fowlpox viruses
CHARLES W. BEARD, WILLIAM M. SCHNITZLEIN, AND DEOKI N. TRIPATHY 356

Evaluation of the cell-mediated immune response of chickens vaccinated with Newcastle disease virus as determined by the under-agarose leukocyte-migration-inhibition technique
PAWAN K. AGRAWAL AND DONALD L. REYNOLDS 360

Virus-neutralizing and passively protective monoclonal antibodies to infectious bursal disease virus of chickens
K. J. FAHEY, P. MCWATERS, M. A. BROWN, K. ERNY, V. J. MURPHY, AND D. R. HEWISH 365

Reduced erythrocyte deformability as a possible contributing factor to pulmonary hypertension and ascites in broiler chickens
S. M. MIRSALIMI AND R. J. JULIAN 374

Effect of a live reovirus vaccine on reproductive performance of broiler breeder hens and development of viral tenosynovitis in progeny
J. J. GIAMBRONE, T. L. HATHCOCK, AND S. B. LOCKABY 380

Comparison of three velogenic strains of Newcastle disease virus by RNA oligonucleotide fingerprinting
STEVEN PALMIERI AND BAILEY W. MITCHELL 384

Comparison of histopathology to the direct immunofluorescent antibody test for the diagnosis of infectious laryngotracheitis in chickens
MARK A. GOODWIN, MARTIN A. SMELTZER, JOHN BROWN, REYNALDO S. RESURRECCION, AND THOMAS G. DICKSON 389

In vivo antigen expression by Pasteurella multocida
JOHN R. GLISSON AND I-HSIN NING CHENG 392

Research Notes—

Evaluation of radiolabeled and colorimetric DNA probes in comparison with an antigen screening assay for the detection of Salmonella from poultry farms
J. A. K. HASAN, I. T. KNIGHT, C. R. TATE, E. T. MALLINSON, R. G. MILLER, R. R. COLWELL, AND S. W. JOSEPH 397

Health survey of backyard poultry and other avian species located within one mile of commercial California meat-turkey flocks
MICHAEL D. MCBRIDE, DAVID W. HIRD, TIM E. CARPENTER, KURT P. SNIPES, CYRUS DANAYE-ELMI, AND WILLIAM W. UTTERBACK 403

Case Reports—

Late clinical expression of lameness related to associated osteomyelitis and tibial dyschondroplasia in male breeding turkeys
M. WYERS, Y. CHEREL, AND G. PLASSIART 408

Viral pathogenesis of a nephrotropic infectious bronchitis virus isolated from commercial pullets
H. KINDE, B. M. DAFT, A. E. CASTRO, A. A. BICKFORD, J. GELB, JR., AND B. REYNOLDS 415

Investigation of a chronic feed-passage problem on a broiler farm in northwest Arkansas
R. O. APPLE, J. K. SKEELES, G. E. HOUGHTEN, J. N. BEASLEY, AND K. S. KIM 422

Systemic trichomoniasis in a squab operation
B. R. CHARLTON, A. A. BICKFORD, G. L. COOPER, AND HUNG-WOON CHIU 426

Guidelines for authors 433

CONTENTS—JULY–SEPTEMBER 1991

Humoral responses and salmonellosis protection in chickens given a vitamin-dependent Salmonella typhimurium mutant
M. R. ALDERTON, K. J. FAHEY, AND P. J. COLOE 435

Influence of maternal antibody on avian leukosis virus infection in white leghorn chickens harboring endogenous virus-21 (EV21)
A. M. FADLY AND E. J. SMITH 443

Humoral immune responses to inactivated oil-emulsified Marek's disease vaccine ..... LUCY F. LEE AND R. L. WITTER 452

Immunogenicity of infectious bursal disease viruses in chickens
N. M. Ismail and Y. M. Saif 460

IgM responses in chicken serum to live and inactivated infectious bronchitis virus vaccines ..... N. R. da Silva Martins, A. P. A. Mockett, A. D. T. Barrett, and Jane K. A. Cook 470

Determination of infectious bursal disease virus titration and neutralization endpoints using fluorogenic staining
G. R. Bayyari, J. K. Skeeles, J. D. Story, and M. F. Slavik 476

Microscopic lesions of naturally occurring and experimental "spiking mortality" in young broiler chickens
T. P. Brown, P. Y. Brunet, E. M. Odor, D. W. Murphy, and E. T. Mallinson 481

Restriction endonuclease analysis of Marek's disease virus DNA: differentiation of viral strains and determination of passage history
Robert F. Silva and Jeanne Carter Barnett 487

Observations on colonial phenotypic variation in Bordetella avium
Mark W. Jackwood, Deborah A. Hilt, and Patricia A. Dunn 496

Evaluation of different methods of inactivation of Newcastle disease virus and avian influenza virus in egg fluids and serum ..... D. J. King 505

Pathogenicity of CL-1 chicken anemia agent
C. M. Lamichhane, D. B. Snyder, M. A. Goodwin, S. A. Mengel, J. Brown, and T. G. Dickson 515

Lesions of perirenal hemorrhage syndrome in growing turkeys
Rodney K. Frank, John Newman, and George R. Ruth 523

Development of protective immunity against Eimeria tenella and E. acervulina in white leghorn chickens inoculated repeatedly with high doses of turkey coccidia
P. C. Augustine, H. D. Danforth, and J. R. Barta 535

Pathology of experimental vitamin D deficiency in turkeys and the effects of various vitamin D supplements
R. W. Perry, G. N. Rowland, and W. M. Britton 542

A survey of helminth parasites in backyard flocks in Michigan by litter examination ..... N. Nonaka, A. R. Donoghue, A. M. Manzoni, and T. W. Schillhorn van Veen 554

Protection against chicken leucocytozoonosis provided by immunization with spleen homogenate infected with Leucocytozoon caulleryi
Takashi Isobe, Kyo Suzuki, and Shinobu Yoshihara 559

Production and characterization of monoclonal antibodies against an avian group A rotavirus ..... S. Y. KANG AND L. J. SAIF 563

Structural polypeptides of type II avian adenoviruses analyzed by monoclonal and polyclonal antibodies
KEYVAN NAZERIAN, LUCY F. LEE, AND WILLIAM S. PAYNE 572

Pathogenesis of marble spleen disease in bursectomized and non-bursectomized ring-necked pheasants following oral inoculation with cell-culture-propagated virus ..... S. D. FITZGERALD AND W. M. REED 579

Vaccination against Newcastle disease with a recombinant baculovirus hemagglutinin-neuraminidase subunit vaccine
É. NAGY, P. J. KRELL, G. C. DULAC, AND J. B. DERBYSHIRE 585

Research Notes—

Comparison of a modified Edward-type medium and a modified SP4-type medium for primary isolation of Mycoplasma gallisepticum (MG) from chickens vaccinated with the F strain of MG
B. A. FRITZ, C. B. THOMAS, P. VAN ESS, AND T. M. YUILL 591

Efficacy of diclazuril against Eimeria dispersa in turkeys
O. VANPARIJS, L. HERMANS, AND R. MARSBOOM 599

Identification of F strain Mycoplasma gallisepticum isolates by detection of an immunoreactive protein
C. B. THOMAS, P. SHARP, B. A. FRITZ, AND T. M. YUILL 601

Influence of antigen concentration, inoculation interval, number of exposures, type of housing, and placement concentration on the tear antibody response to Brucella abortus in chickens
ROY D. MONTGOMERY, CAROLYN R. BOYLE, AND WILLIAM R. MASLIN 606

Case Reports—

Surgical management of digital gryposis syndrome in a goshawk (Accipiter gentilis gentilis) ..... J. T. LUMEIJ AND D. GORGEVSKA 615

Pasteurellosis in bobwhite quail
ALEX J. BERMUDEZ, LADDIE L. MUNGER, AND DAVID H. LEY 618

Histomoniasis in leghorn pullets on a Florida farm
B. L. HOMER AND G. D. BUTCHER 621

Favus in a backyard flock of game chickens
R. DROUAL, A. A. BICKFORD, R. L. WALKER, S. E. CHANNING, AND C. MCFADDEN 625

Isolation of Mycoplasma synoviae from the brains of commercial meat turkeys with meningeal vasculitis
R. P. CHIN, C. U. METEYER, R. YAMAMOTO, H. L. SHIVAPRASAD, AND P. N. KLEIN 631

A teratoma in a duck infected congenitally with duck hepatitis B virus
J. M. CULLEN, J. E. NEWBOLD, AND G. J. SHERMAN 638

Pet Bird Medicine: Case Report—

Fatal toxoplasmosis in a red lory (Eos bornea)
E. W. HOWERTH, G. RICH, J. P. DUBEY, AND K. YOGASUNDRAM 642

Erratum 647

Guidelines for authors 648
